

Why do they pick me?

Why do they pick me?

Why, why, why?

Bullies spit, punch, kick

Why do they pick me?

Why, why, why?

Hurtful bullies, cruel bullies, swearing bullies

Why do they pick me?

Why, why, why?

Bullies make people unhappy

They call me names cow, pig

Why do they pick me?

Why, why, why?

They call me a wimp

They call me a fool

They make me feel lonely

But know one cares

Why do they pick me?

Why, why, why?
