V. CLOTHES

April is the fools month so one never knows. I will check the forecast but it will be more or less as ours, maximum about 22 degrees during the day and at night it'll drop till 8 or 10. This is Spring time for us, that is, crazy weather

- Warm clothes: long-leaved pullovers
- A spring jacket is essential
- You will need comfortable shoes. At least one pair.
- Jeans are ok at school.
- Cardigans.
- An umbrella just in case.

The truth is that you need a variety of clothes, so that is the best expression: 'you'd better wear more layers than an onion to get rid of some when it's hot.' Ok?
