VEGETABLE GARDEN

Since the 10th century the garden was promoted thanks to the construction of ditches that formed a framework whose main structure has been maintained until our times, with ditches that irrigate both the Huerta Alta and the Huerta Baja.

ANCIENT MEDIEVAL ALQUERÍA

The building appeared in Roman times for the sea victory over the Carthaginians. At the end of some years, it is to preserve Roman remains in murs d'afusellament, remnants of canalizations d'aigües and Roman calçada. From the eighth to the thirteenth century, Xirivella became Muslim domination. Both influences on architectural elements, with the arc of mig punt that faces can been seen in La Closa.

TOWN HALL

The municipality of Xirivella is a local administrative entity headed by a mayor and a municipal corporation.

Plenary sessions take place in the town hall and it is where citizens carry out any procedure.

HERMITS OF XIRIVELLA

It is built in the place where the finding of the image that gives its name to the hermitage is traditionally located. According to tradition, six potters found it in that place at the time of the reconquest: when they heard bells in the town, they would also hear them underground and, after digging, they discovered the image of the Virgin under a bell.

WE WILL MEET AGAIN SOON

We are nervous, but also excited.
