

AURONPLAY

AuronPlay is one of the most important youtubers in Spain.

AuronPlay (Auron , Raul or reservoir) currently has approximately 3,000,000 subscribers . It is one of the YouTubers Spanish Oldest platform to make blogs

It is also about current social topics .

In the beginning, back in 2006, their videos were basically judgments on different subjects, mostly casual.

Content of his channel-From 2012, he devoted himself to perform various "video-critical" to the world of YouTube; youtubers different, as jpelirrojo, who almost makes you close your channel; or the phenomenon of gameplays. His critical vision and hardness caused him many enemies and soon conflicts with other youtubers, which led him to the closure of its channel by strikes and what led him to rethink that content should rise.

From 2013 until today, the channel focuses on humoristic other unpopular videos critical network. It also tends to make prank calls or a collection of messages funnier forums. This new content made considerably increase its fame on the Internet, reaching, in early 2015, one million subscribers.

Among his most famous videos include: The festival Tomorrowland; How to be swag; Apple Store, instead of hanging out; and GHVIP The controversial video that generated a lot of social mobilization networks and a major impact on the media press. In July 2015, he published the video The mock on, Josemi, where he criticizes his song getting a great impact and a dramatic increase of views and subscribers. From that video several related were made.

Personal life Auronplay - 0.jpg AuronPlay today. His real name is Raul , was born on November 5, 1988 , he is 27 years old . It is Barcelona, Spain . He has a brother four years older
