

Games we like in Germany

My favourite Games

- Ark: Survival Evolved

There you can build a farm and you can tame dinosaurs.

I like this game because I like dinosaurs.

- Minecraft

There you play (player versus player) and build a home and mine.

That is my favourite game because it's a farm Game.

- Agar.io

You must kill people

I don't like that game of the killing.

TrollQuest 5

There you play and go troll.

I like it because it's very trolly.
