Publication of the competition results on FB and eTwinning – 28 January 2021

[Tricider page link](#)

The project partners promote a competition for the logo, identifying the Erasmus+/eTwinning project.

The competition is open to students of the partner schools.

In creating their ideas students will follow the characteristics listed below:

- interpret the topic of the project
- at least 5 logo proposals per school to be uploaded on [Tricider](#)
- interpret the multicultural aspect of the project
- create a logo aesthetically effective
- Make the logo adaptable to multiple magnification up to 10 and to any paper or electronic means of communication.
- Make the logo reproducible in color or black and white.
- The participation in the competition is individual
- Only one proposal per participant is admitted
- The graphic representation must be received on the Etwinning platform and uploaded on [Tricider](#) by the date
- The logo must be accompanied by a statement, containing the identification of the competitor and the authorization to use the work in all the project activities.

The selection of the winner will be made through a evaluative judgment of all teachers involved in the project. The logos from each partner school received highest number of votes will enter the final round of the competition.

The winner of the competition will be notified by January 28th.
