

Living in a Challenging World Website

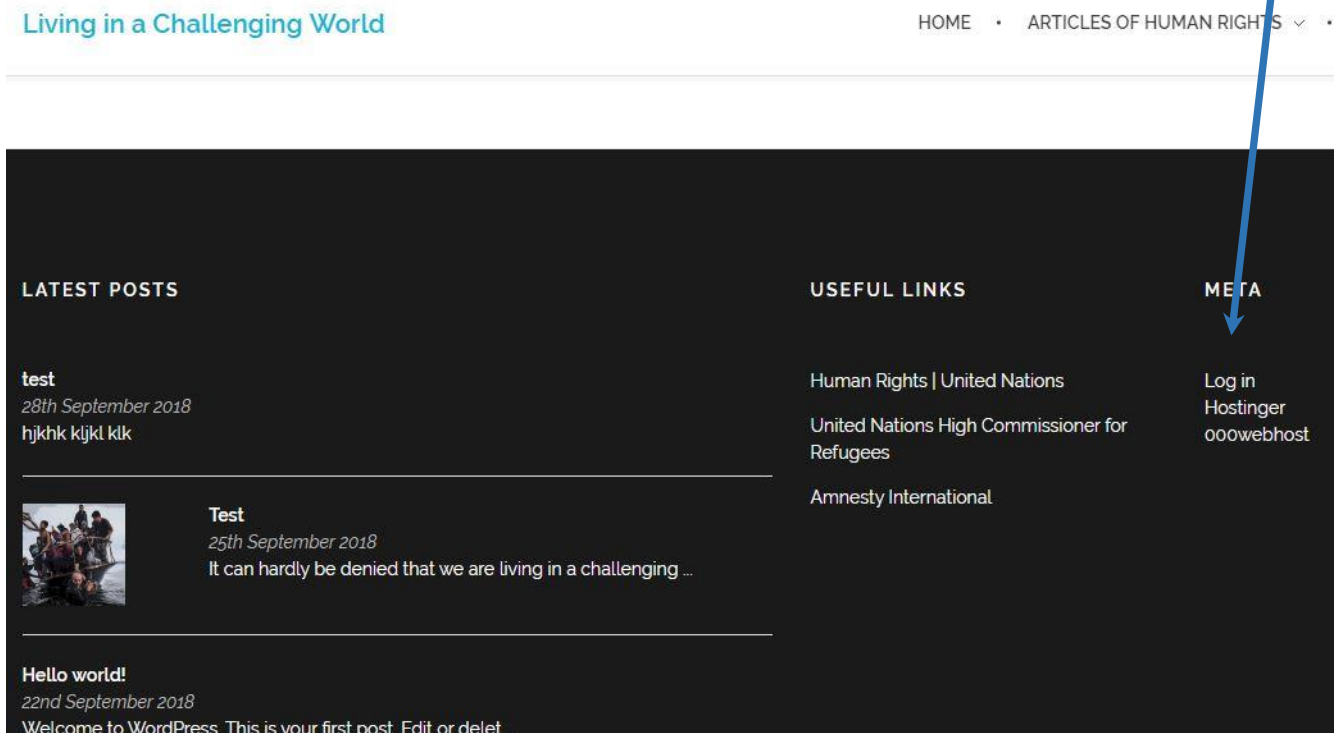

Website's address is:

<https://livinginachallengingworld.000webhostapp.com/>

Login to website

1. At home page scroll down until you see you sub footer

Press Login

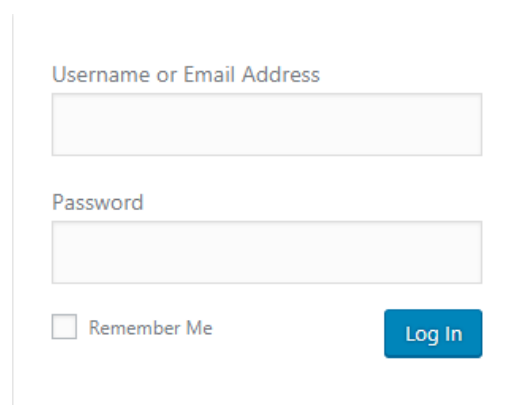

The screenshot shows the sub-footer of the website. At the top left, it says "Living in a Challenging World". At the top right, there are navigation links: "HOME" and "ARTICLES OF HUMAN RIGHTS" with a dropdown arrow. Below this, there are three columns of content:

- LATEST POSTS**:

It can hardly be denied that we are living in a challenging ...
 - Hello world!**
22nd September 2018
Welcome to WordPress. This is your first post. Edit or delet ...
- USEFUL LINKS**:
 - Human Rights | United Nations
 - United Nations High Commissioner for Refugees
 - Amnesty International
- META**:
 - Log in
 - Hostinger
 - 000webhost

A blue arrow points from the "Press Login" text to the "Log in" link in the META section.

2. The following tab appears. Write username and password. At the moment password is 12345 for everyone.

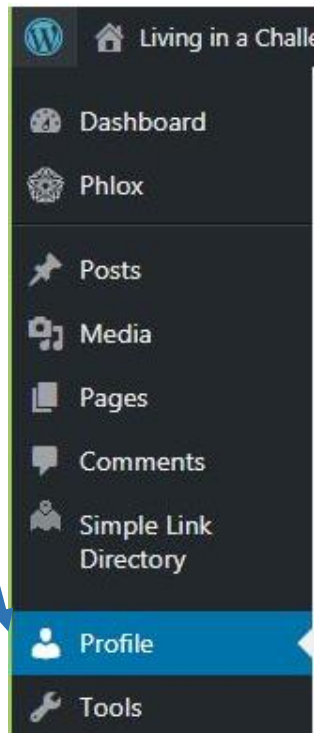

The screenshot shows a login form with the following elements:

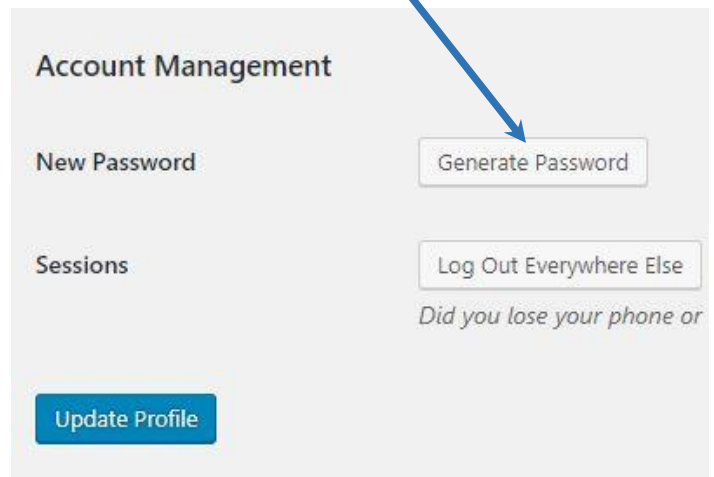

- A label "Username or Email Address" above a text input field.
- A label "Password" above a text input field.
- A checkbox labeled "Remember Me".
- A blue button labeled "Log In".

3. You can change password from dashboard

1. Click Profile

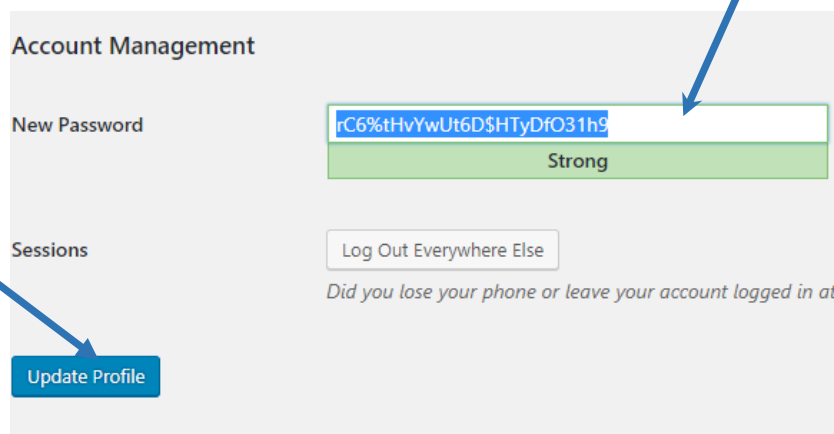

2. Select Generate Password

3. Erase the automatically generated password and type yours

4. Click Update Profile

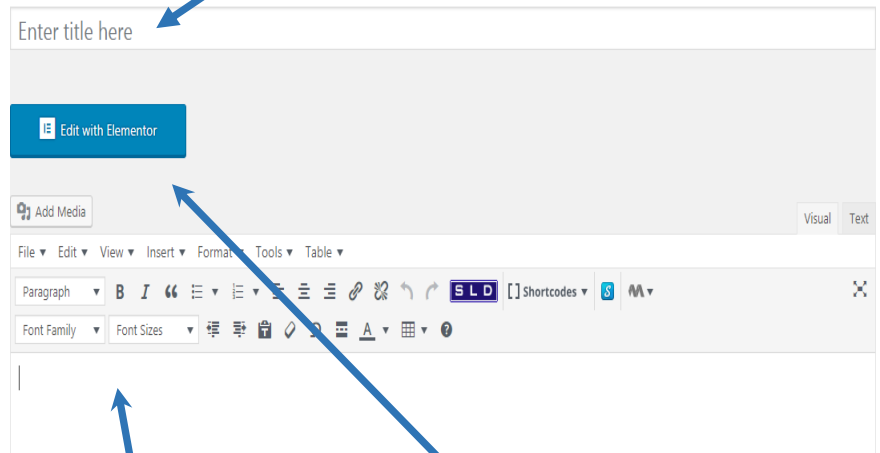

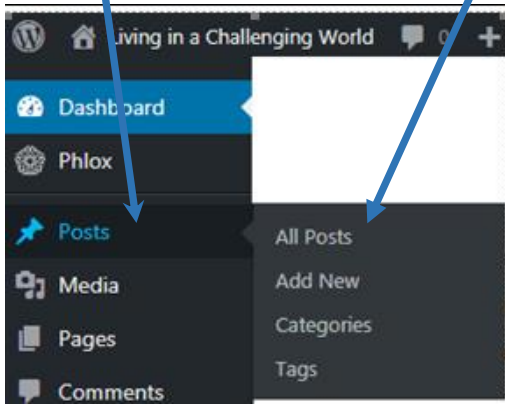

Edit a Post

1. Click Posts

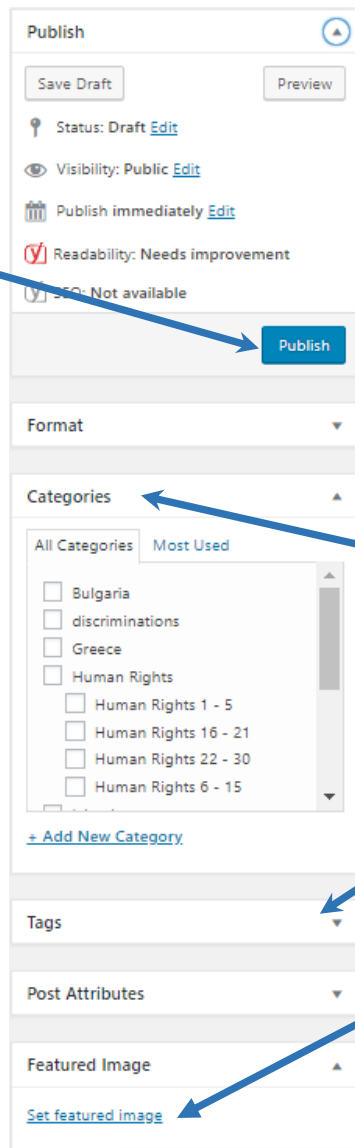

2. Click Add New

3. Write the title of the Post

6. Write your Post in the build in Wordpress editor or use Elementor Page Builder

7. Press Publish

4. Select categories (you can check more than one) (If you want you can select or add a tag too)

5. Set Featured Image for your Post

In Wordpress editor's menu from Insert option you can insert various elements like:

The image shows the WordPress 'Insert' menu and the 'Insert/edit media' dialog box. The 'Insert' menu is open, showing options like 'Insert/edit link', 'Media', 'Table', 'Special character', 'Horizontal line', 'Nonbreaking space', 'Anchor', 'Date/time', 'Add Media', 'Insert Read More tag', and 'Page break'. The 'Media' option is highlighted. The 'Add Media' option is also highlighted. The 'Insert/edit media' dialog box is open, showing the 'Embed' tab. The dialog box has a text area for pasting embed code and 'OK' and 'Cancel' buttons. Blue arrows point from callout boxes to these elements.

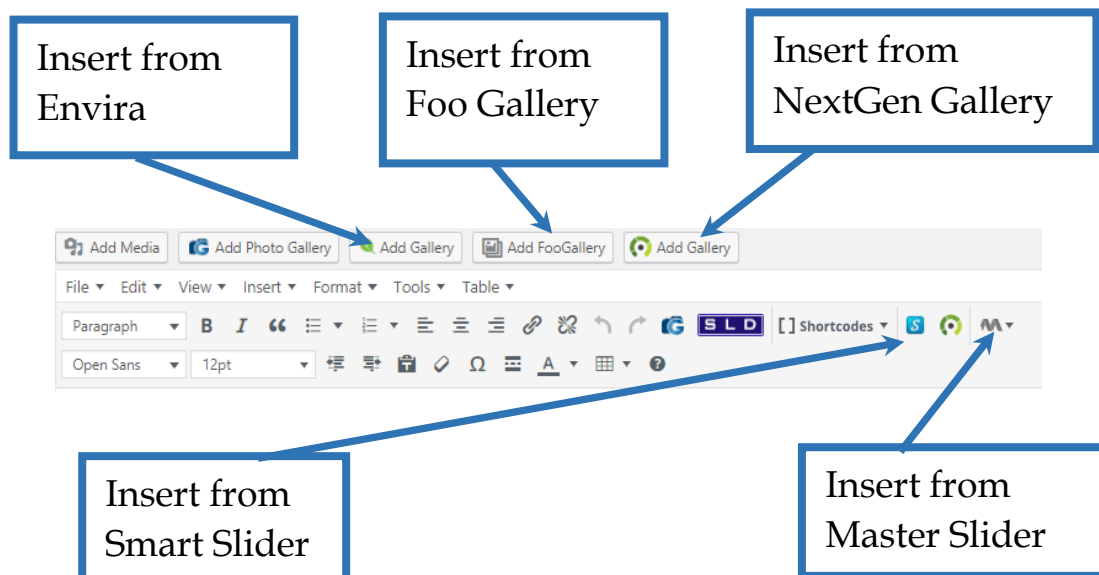

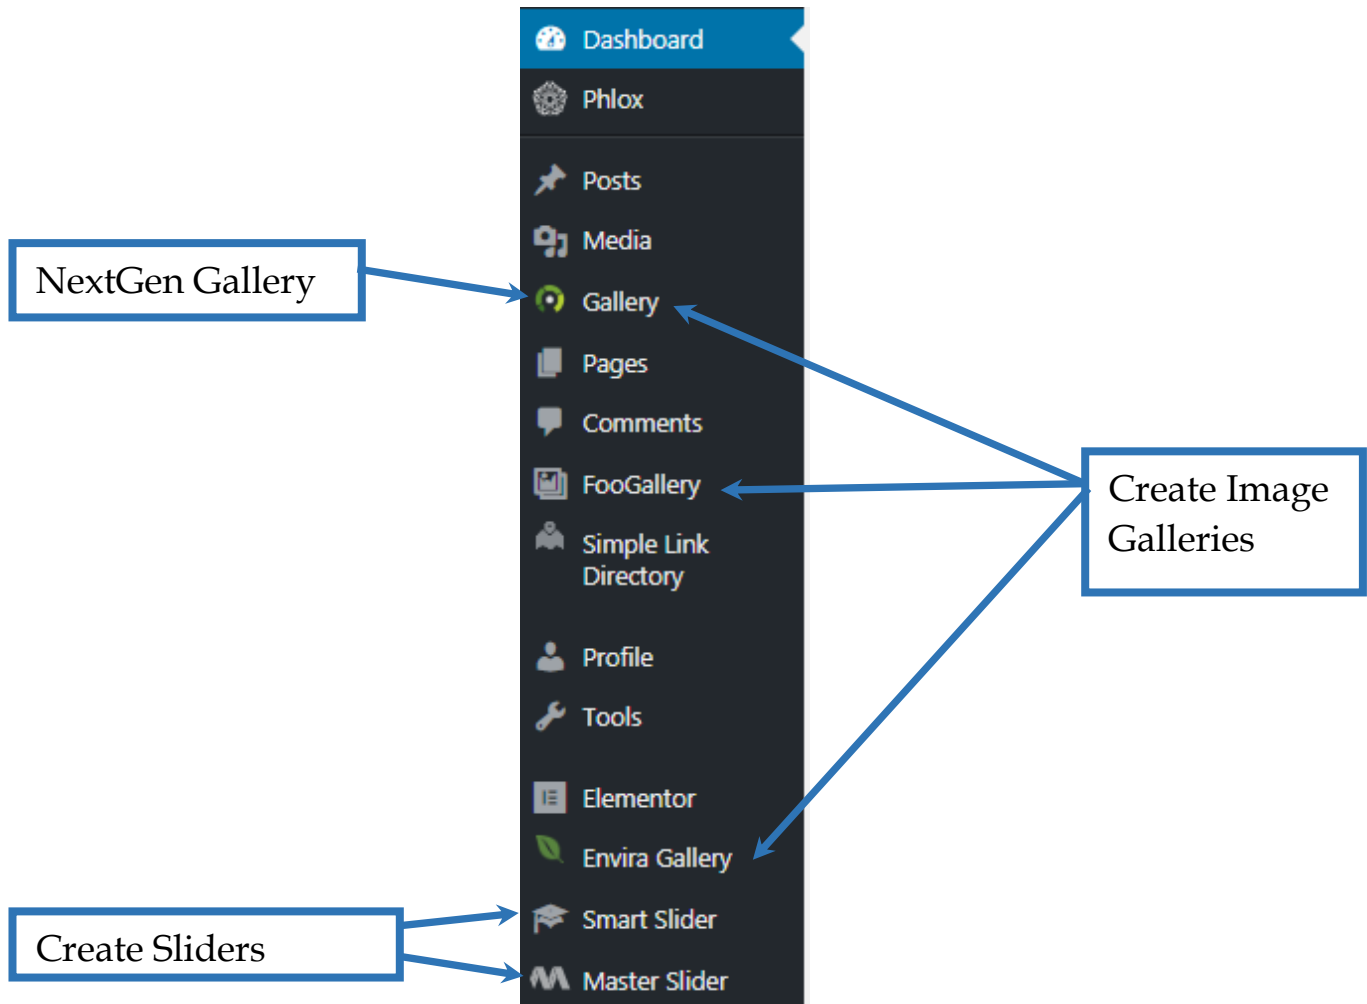

A link to a text or a photo

Insert or better embed media like YouTube or vimeo videos or a presentation.

Insert a photo from Library or Upload one from your Computer

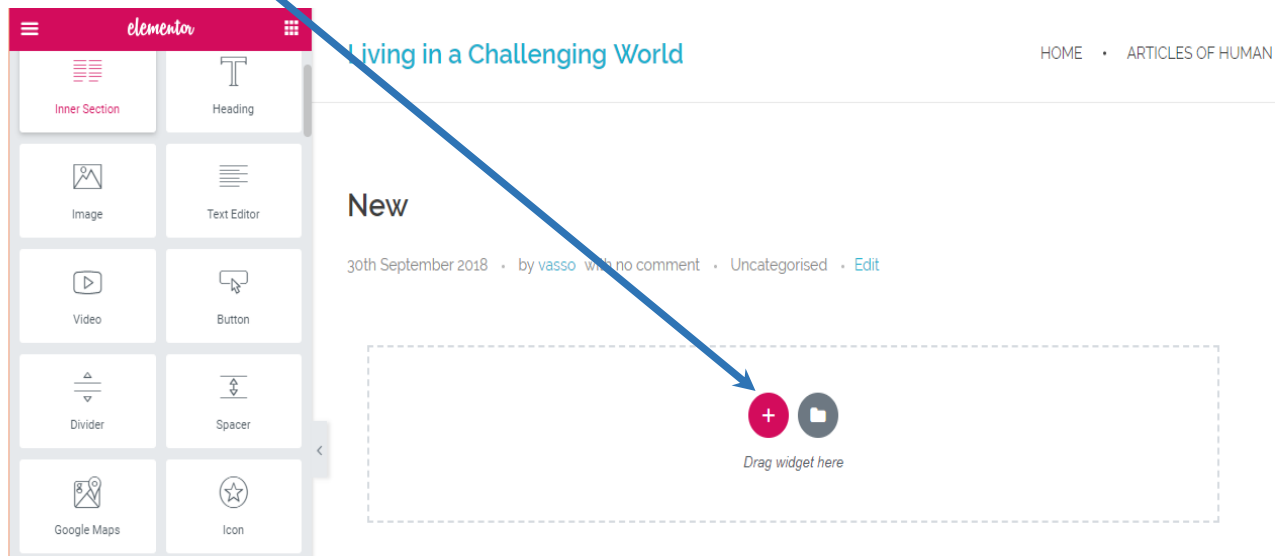

Paste here the embed code (for example a presentation from Google docs or PowerPoint Online)

In your Dashboard are some useful plugins for Image Galleries or Sliders. You have to create first the Image Gallery or the Slider and then insert it into the Post. From **Media** you can upload photos or Pdfs (no videos, it is better to upload them to YouTube and then embed them).

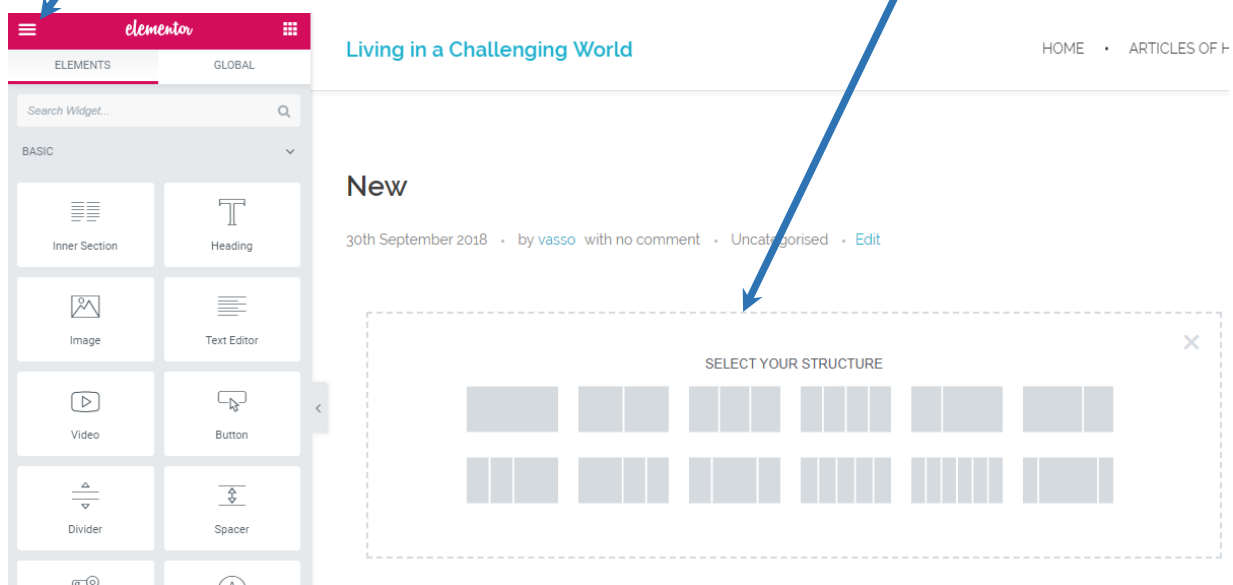

Edit with Elementor

This is the first screen of Elementor. We can have sections with different layouts in the same post or page. We can create a section from here

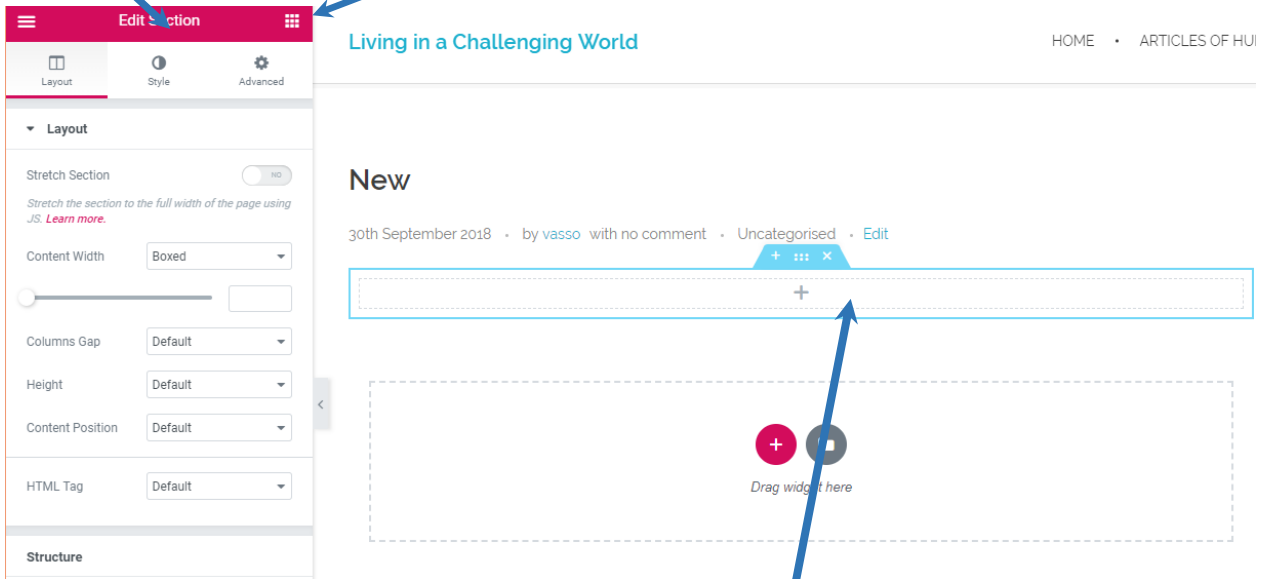

Exit to Dashboard after finishing the

Select the structure of the section

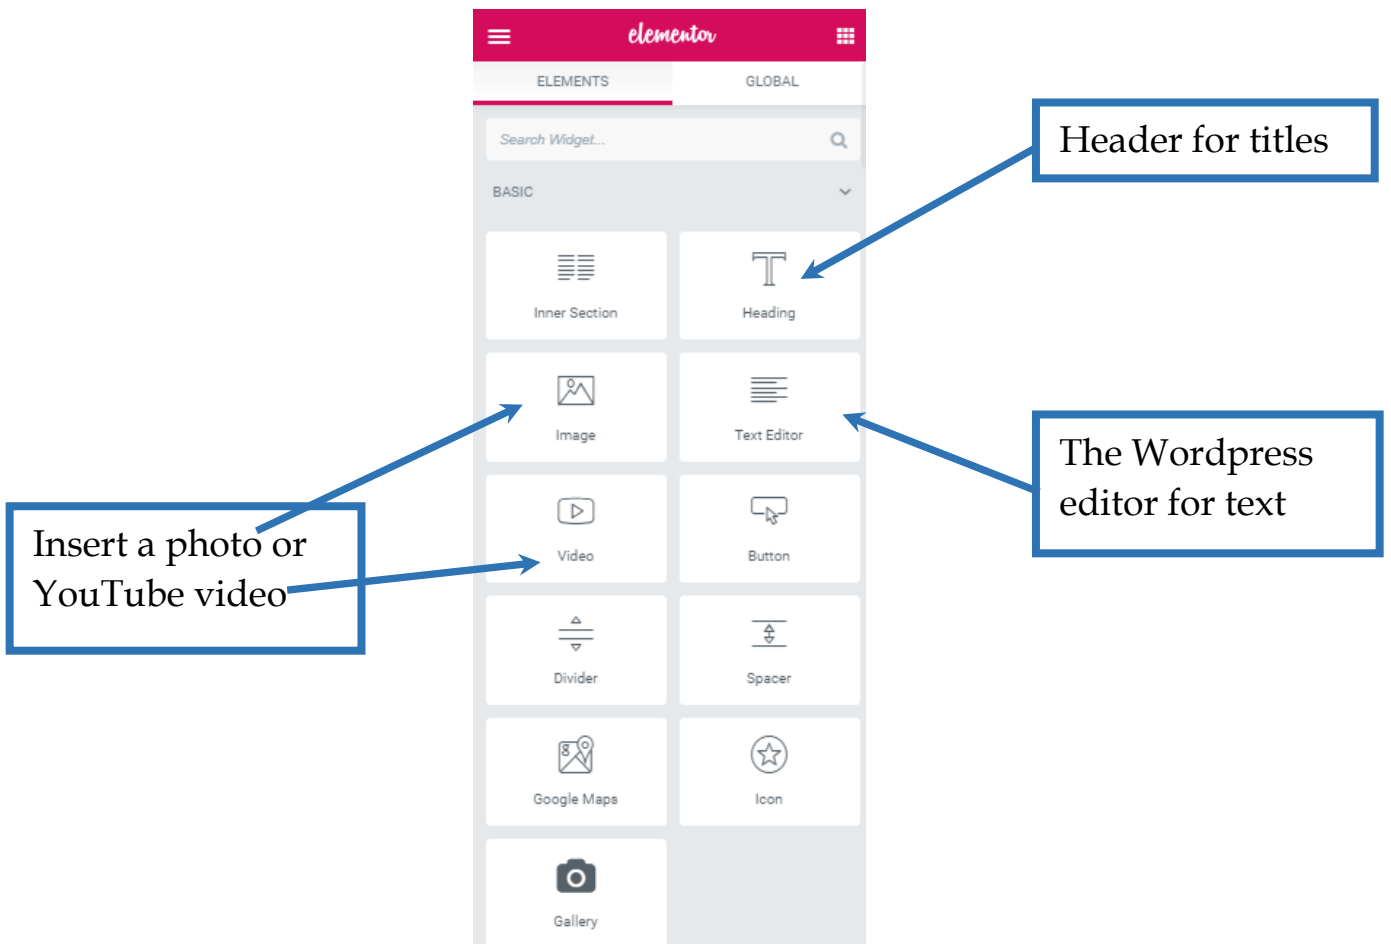

1. Format the section

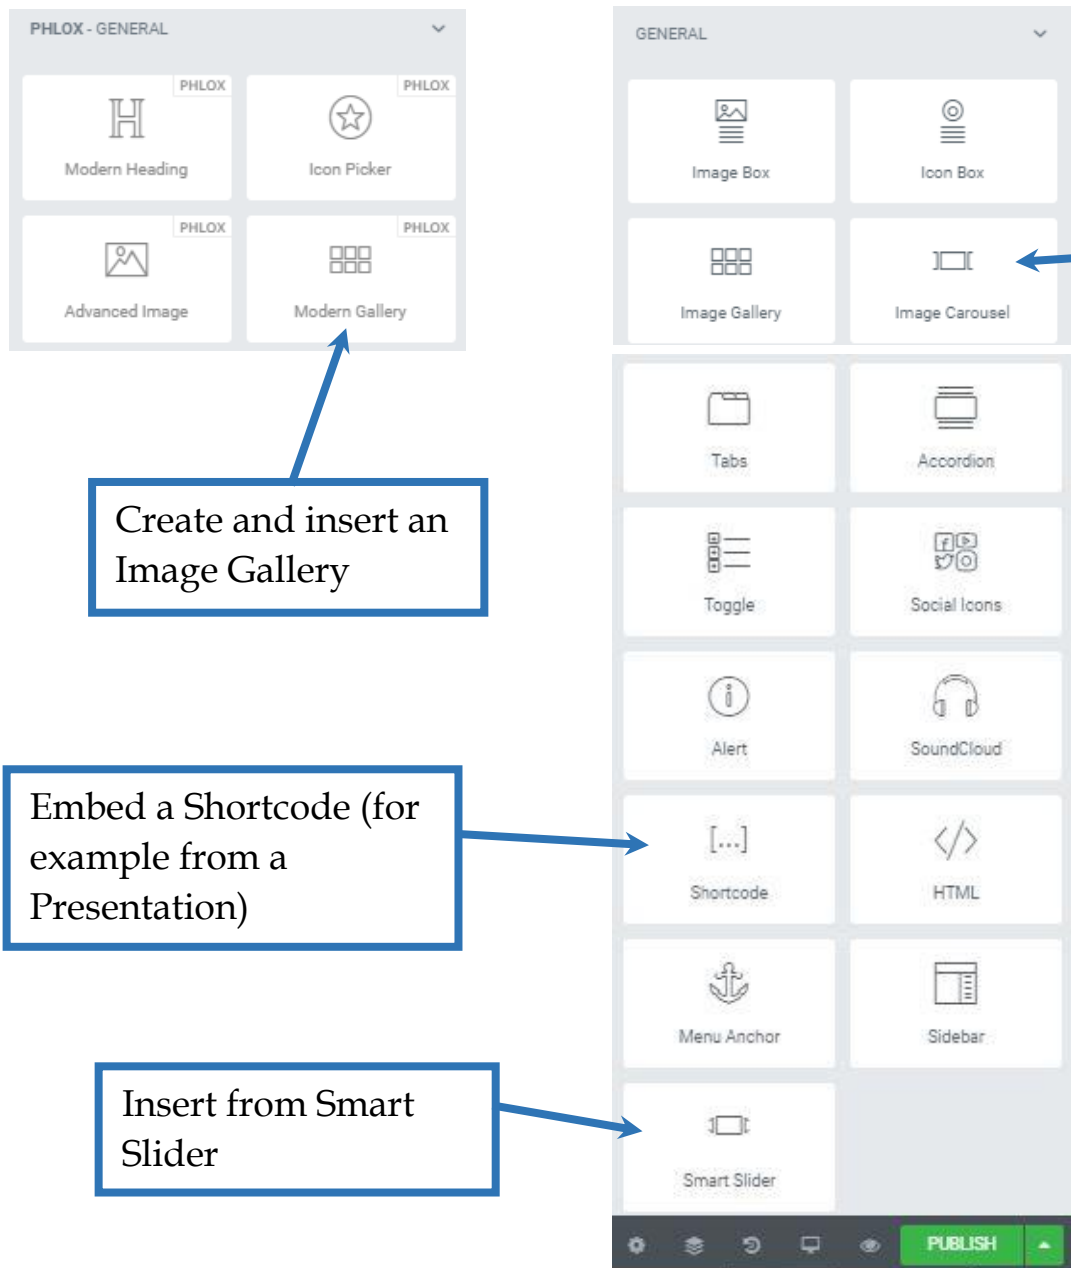

2. Click here to see the elements you can use

Drag and drop elements into your section

Here are some common elements:

Some useful links for Elementor:
