Erasmus+

Hi all!

We are the spanish team and these are its members:

Spain is situated in southwestern Europe, surrounded by the Atlantic and Cantabric oceans and Mediterranean sea.

Thanks to our geographic location,
the weather in Spain
is excellent during
most part of the year

People from all over the world come to visit our popular coastlines and landscapes and enjoy the warm temperatures and long days in summer.

Santa Cruz de Tenerife

Ibiza

The Teide, the highest mountain in Spain

Madrid, the capital of Spain

The largest park in the city is the Retiro Park, where you can go to have a walk, do sport and escape of the noise and pollution of the city for a while.

New Year's eve at "Puerta del sol"

The "Puerta del Sol" is also one of the most well-known places in Madrid.

It is a crowded square where everybody goes to take a picture at the historical monument "El Oso y el Madroño".

ALCALÁ GATE

PRADO MUSEUM

You must also visit important buildings like The Royal Palace, Alcalá Gate, Museums...

ROYAL PALACE

In the north of Spain, Barcelona is another relevant city in our country.

The Sagrada Familia cathedral and the "Güell Park" are two examples of its wonderful architecture.

And if you want to visit a beautiful city in the south and learn more about "sevillanas dancing", you must travel to Sevilla.

SPAIN IS WAITING FOR YOU

TOLEDO

Toledo is one of the most important cities in our country. And it is also the capital of our province, just 60 kilometres away from Consuegra.

Located on a rocky headland, surrounded by the Tajo river is one of the Spanish cities with the greatest monuments.

It is known as the "city of the three cultures" because christians, arabs and jews lived together in peace here for centuries.

Toledo is visited because of its art,
history, culture and charm.
One day in Toledo always feels like too
Little.

A particularly significant time to visit the cathedral is during the festival of corpus christi, when its walls are covered with magnificent tapestries.

Erasmus+

A stay in the beautiful city of Consuegra promises plenty of fun and a number of interesting sites to see, including a medieval castle, historic architecture and a stunning landscape that make it ideal for a great day trip and a very fascinating adventure. Let me guide you in this exciting trip.

The main sights and most important monuments in Consuegra, which we will describe in more detail below, are the windmills and the castle.

But Consuegra has a rich history dating back to Roman times as well

Some of its roman remains are displayed at the archaeological museum, placed in The Main Square

Sientes realmente la historia
Consuegra...

...cuando ves la presa
romana asediada por
construcciones y notas una
punzada en el corazón.

Círculo Histórico y Cultural Consaburensis

Consuegra's main attractions are an 11th century castle, that was once the stronghold of the Knights of San John from 1183 to 1837, and its perfectly preserved windmills. Each of the mills is named after Don Quixote's characters.

Castle of Consuegra

The castle was once a stronghold when Consuegra was the seat and priory of the Knights of San Juan, the Spanish branch of the Knight's Hospitallers of the Order of St. John of Jerusalem.

Tercia House and Town Hall

TWO GREAT HISTORICAL PLACES YOU CAN'T MISS!!!

Windmills

Most Spanish windmills, like those described in Cervantes' *Don Quixote*, can be found here in Consuegra, and they are the best examples of restored Spanish windmills of all

Several mills spike the hill giving us a spectacular view of the 12th-century castle and of the town since 1836

There are 12 windmills to explore on the hill just outside of the city

The making of crafts is a major activity in Consuegra. As pottery or forge

Festivals, crafts and food

La Mancha

The Rose of Saffron Festival is celebrated each year on the last weekend of October . The fields are a sea of this particular bloom, which is quite a sight !

Traditionally, when the people of Consuegra finished the harvests, the festival began. It is a quaint, folkloric festival where the connection to Don Quixote is strong. The windmill called "Sancho" is used to grind the wheat, and a local beauty is crowned "Dulcinea", the name of Quixote's lady. Visitors can also get here a taste of traditional music and dancing from La Mancha.

The food from Consuegra includes dishes such as *migas*, small pieces of bread mixed with chorizo, bacon and ham; and *gachas*, snacks made of flour, chorizo and other local ingredients, like Olive Oil. Wine and the cheese are quite good as well

Urda

Urda is a small town near Consuegra. Students from Urda come to Consuegra's High School

One detail of Guerrero Malagon's gates in the church of Urda

Urda is famous for its church which is honouring the Christ of Urda, specially its rich decorative doors

We really hope you
like Consuegra and
Urda!!!

Our high school: IES Consaburum

Our high school is located on the outskirts of Consuegra, with nearly 800 students and around 65 teachers.

The students
come from
Consuegra
and the
neighbouring
towns Urda
and Turleque.

We learn Maths, English, Social Sciences, Natural Sciences, Technology, Arts to name but a few. We also move to specialized class-rooms like ICT workshop or Sciences laboratories.

We also have a canteen where we can have a coffee
In the library there are available so many books to lend

...And an specific location where we have events,
the assembly hall

Got talent IES Consaburum

One of the best moments of the year is the Christmas contest “Got Talent Consaburum”
The Physical Education activity “Acrosport” is also very popular.

Moreover there are big recreational areas with basketball courts, football ground and a sports hall, where we usually have P.E. classes.

We are involved in many international projects and the event of the year is the 50th anniversary of our high school

Undoubtedly the scholar trips and extra-curricular activities are the ones we love

The students have a special one-week trip at the end of the compulsory secondary education

Valentine's Day, the Book's Day and the Cultural Week before Easter time

Christmas Time, Le Candelaire in French language, We do love our school!!

❑ Our voluntary work

Erasmus+

- It is the new European programme for education, youth and sport for the period 2014-2020.
- Erasmus + offers opportunities for the study, and also volunteer activities.

Why are we taking part Erasmus+ Project?:

- Erasmus+ Project is a great opportunity for people who love helping the others.
- Helping people in associations like Caritas, Spanish Red Cross is being promoted by the Erasmus+.

What are we doing in Erasmus+ Project?:

- ▶ Helping children in their homework and their studies.
- ▶ Also time for playing.
- ▶ An interview to a person who is giving up the studies. It's for encouraging young people not to give up their studies.
- ▶ Journey to Czeck Republic in June.

What does volunteering gives us?

- Not a private teacher.
- Support.
- Satisfaction to see the children more encouraged.
- Future Volunteer Work

WE HOPE YOU HAVE ENJOYED
OUR PRESENTATION! 😊
