SISTEM 24

Sistem 24 is a company which offer 24/7 computer assistance for companies or at home.

The company was founded in 2009 by Matej Rak and Gregor Malnarič and other three employers. In 2010 the third owner Ivan Rak joined the company with fresh capital. Since then there have been 12 employers, which started to cooperate with bigger companies like Acron d.o.o. In 2016 Ivan Rak bought the company completely. Now the company works on new web sites and shops, it programs computers, sells their pantheon software and offers their customers education of how to use them.

If you want to work in the Sistem 24 you need:

 -electro-computer high school education,

- or high school of economy or design,

- knowledge about making web sites and,

-some basic knowledge about programming.

 You need to have social skills and you have to be prepared to work at night.
