

On October 16th, we celebrated Erasmus + days in our school # ErasmusDays2020

we invited students from grades 6-8 to participate in the workshops using the WordArt application.

The words, phrases and slogans that we associate with cooperation within the project

Finding European Identity through Education and Intercultural Dialogue between European Citizens, we transformed them into pictures using the Word Art application. We are presenting the works on the etwinning website, the project website and on the school website.
