LITHUANIAN TEAM VISITS SPAIN

This place is simply amazing! I felt like in the rainforest. You can just escape from the hustle and bustle of the Spanish city and enjoy the beauty of nature. There are a lot of palm trees, all kinds of other leaf-bearing trees and also a variety of cactus plants. Decorative carps are raised there too.

This place is very beautiful. In this museum, you can see different kinds of fish - from the smallest fish to the dolphin. Here you could dive into the depths of the sea, just that it all happened in a building. I have never seen anything like it in my life only in Spain. I think you should visit this place too. We were also able to watch birds that you couldn't see every day.

LITHUANIAN TEAM VISITS SPAIN

The first project day in Spain, Las Culturas, Torrevieja school was full of excitement. Pupils presented and tasted traditional sweet dishes.

Students were also invited to the creative workshops to make souvenirs from salt.

On the fifth project day, there was a dance class at Las Culturas school in Torrevieja, Spain. Students presented the traditional folk dances of their countries.

A trip to the Elche palm grove was full of excitement. This place has been declared as a Spanish natural monument and is now a UNESCO World Heritage Site.

A wonderful day to enjoy sunbathing. It was a chance for canoeing, surfing, and paddling in the Mediterranean Sea.

LITHUANIAN TEAM VISITS ROMANIA

Peles Castle is a great Romanian destination with incredible architecture but the beautiful area that surrounds it. For Romania's monarchy era this is the most important monument. It is a memory of an important period in the country's history. The inner courtyard, with its medieval air, carried us back in time. The impressive castle spreads over an area of 3,200 square meters, housing 160 rooms that impress through their beauty and sophistication.

The best known is the Great Armory Room, hosting some of the finest collections of arms and armor from different regions of the world. The interior of the castle is beautifully decorated with sculpted wood and the stained glass windows make it a true symbol of elegance and royalty.

It was an incredible experience visiting Peles Castle. We had a great opportunity to learn more about the Romanian Royal Family and enjoy the landscape.

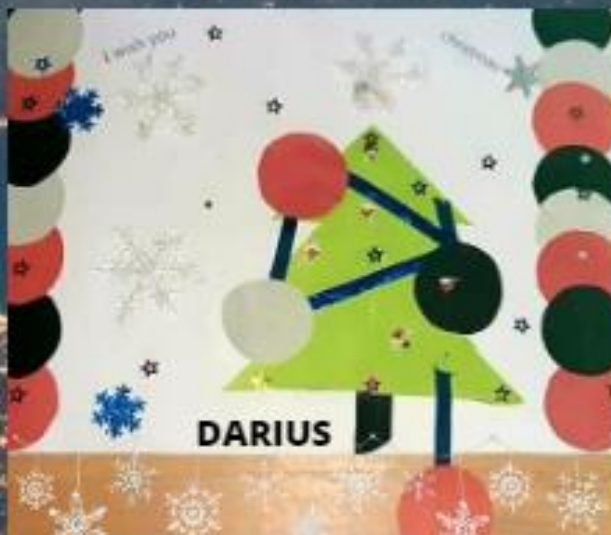

Erasmus+

In Romania we discovered European cultural heritage.

In Italy we searched for European identity.

In Lithuania we experienced local traditions, identity and culture .

Erasmus+

Poland

The first exercise to create a poster with the most popular names of our peers in the partner countries. It turned out that many names have translations or counterparts in our language.

In the international online competition for the project brand, pupils from partner schools chose the brand of the Polish project. The author of the brand is in the photo.

Erasmus+

Transnational Project Meeting it was in Poland, in November 2018 year. The grand honor and pleasure was to host coordinators and teachers from Lithuania, Romania, Italy, Spain and Portuguese. During the meeting we had exchanged experiences, we had discussed project activities and we got to know each other.

Students and Teachers of COLEGIO PÚBLICO INFANTIL Y PRIMARIA Nº9 LAS CULTURAS in Torrevieja surrounded us with friendly atmosphere, project activities engaged our creativity, taught us teamwork, to reach a common goal, by open for a dialog and communication.
