OCTOBER 2019

In the past, Lithuanians used games as an educational tool but not entertainment. Properly organized games helped bring a healthy generation of joy-filled individuals.

History and Lithuanian language teachers helped to accomplish this task. Students recorded the rules and designed the leaflet "Games of the past".

In our school we also tried do play 'cymbergaj' in the classrooms and as you can see, it's a very cheering up game – above students of grade 7.
