Who is VIP?

VIP was introduced in the first magazine. As known, he can speak any languages in the countries he visited. He is clever and a funny toy parrot. He has many friends from seven countries around the world.

Let's talk about TURKEY

Authors Evin & Polat

Turkey takes place between Asia and Europe. The capital city is Ankara (Its old name is Angora). As

Turkey is a developing country, according to the population poll made in 2016, there are 79,51 million people. Turkish flag is red and white. The telephone code is +90.

Turkey is surrounded with neighbour countries like Iran, Syria, Bulgaria, Greece, Azerbaijan, Georgia and Armenia. There are Black Sea, Mediterranean Sea, Marmara and Aegean Sea around Turkey. We have millions of tourists visiting our country every year.

The Pearl of South-Mersin

Authors Arjin & Ahmet

Mersin takes place in the South part of Turkey and famous for its hot weather and palm trees. It is a touristic city because Mersin has

many historical places to visit and a good sea to swim. There are many shopping centres and malls. Mersin is becoming

more crowded due to good economic conditions, good weather and high education level. It is the tenth overpopulated city of Turkey. Its old name is İçel. The transportation is

well-developed and so nearly everywhere is very

close to people. We have a famous

waterfall, very big zoo and old site ruins here.

Ahmet Mete Iřıkara Primary School

Authors Kbra & řkran

This primary school has two terms education. 1st and 2nd classes come to school at the afternoon. 3rd and 4th grades come in the mornings because lessons start very early namely at 7 o'clock in the mornings. Our school took its name from a scientist who is from Mersin. We and all Turkish people know him as "Deprem Dede" because of his estimation of 99 big Marmara Earthquake.

There are 61 teachers and 52 classrooms in the school. We share our garden with Cennet Ana Pre-School. This year we won "White Flag" and we are on the first row in "Dyned" . We won many medals in sport contests. As Ahmet Mete Iřıkara Primary School, we met etwinning this year and did projects with joy.

At the English Lesson Authors Ergin & Özgür

We are proud to introduce you our activities done with VIP in English Lessons. We did cut and stick activities, listening, watching videos and we celebrated April 23 National Sovereignty and Children's Day with a pleasure. As

3B class, we arranged a parrot drawing contest. We tried to draw parrot pics.

Other Activities..

Vip joined Police Institution's 173rd Establishment celebrations and took many photos with police officers.
