

# eTwinning Project Tasks Sheet

WRITE HERE:

- 1. How many high schools are taking part in the project? Where are they from? What are their names?**
  - There are 3 schools taking part in the project, they are from Turkey: Karasu Atatürk Anadolu Lisesi, Poland: II Liceum Ogólnokształcące im and Barcelona: INS Ferran Tallada.
- 2. Go to Google Maps. What are the distances between our school and the different schools of the project?**
  - From our school to Turkey school there are 3 479 km of distance
  - From our school to Poland school there are 2262 km of distance
  - From our school to Barcelona school there are 614 km of distance.
- 3. How many students are there in the project? How many of each school? How many of them have entered the project at least in one occasion? How many of them are using avatars? How many photos? How many are not using anything?**
  - There are 42 students, 4 of Barcelona, 3 of Turkey and 17 of Poland
  - 24 students entered at least in one occasion including us.
  - 3 students of other schools have a photo, 1 is using avatar and 18 students are not using anything.
- 4. How many languages can you see in the 'Members' section? Which ones?**
  - I think there are 5 languages: English, Polish, Turkish, Catalan and Spanish
