

THE COLOURS OF RAINBOW (imagination games)

video of the game <https://youtu.be/rMRSGAQgNAs>

Aims and Learning Outcomes:

- Children will improve attention and speed skills
- Children will feel joy and if needed, accept failure

Time: 10-15 minutit

TEACHING-LEARNING PROCESS:

Preparation: The teacher will choose and say one of the colours on the Play Parachute and the children (max 12) have to find it and then hold the Parachute from there.

Game plan: after the teachers alert the children holding of specific colours have to let go of the parachute, do a circle around the Parachute and get back to their place

Progress:

- the parachute is moving in the same direction
- the parachute is moving in the opposite direction
- the parachute will be raised up and down
- the parachute is in movement and is raised up and down

Concept Learning:

Movement game, attention, knowing colours, quick reaction

You need: Play Parachute
