

CREATING A LEARNING LOVE - CALL

MEETING IN SPAIN

20TH -24TH SEPTEMBER 2021

AGREEMENTS:

EUROPE BOOK

- Bulgaria has worked on the Europe Activity Book: “Welcome to Europe”.
- Spain must send the correct map (with Canary Islands) and add some information so that the Spanish content it is as well adapted to our region (Castilla-La Mancha).
- Each member will send to the coordinator in Bulgaria the Logo of our National Agency so that they appear in the cover of the book.
- Each member will contribute with a magnet representing each one of the countries.
- We will bring the magnets to the next meeting in Bulgaria.

GAME BOOK

- We consider the games as finished. (Last year, despite having requested an extension of the project, it was very difficult to fulfil them according to the agenda and with the initial planning).
- Estonia will make the e-book.
- Estonia will contact the rest of countries individually if needed in order to complete the games.
- Estonia proposes that, in Twinspace, we must organize the games with correct names. At the same time, Estonia proposes to add the music, etc, in sound files and / or videos.
- We decided not to change the games that are very similar, since we consider that this difference enriches our project.

DEVELOPMENT OF THE PROJECT

- Spain is in charge of organizing the information that each partner must contribute to the **final project report**.
- Turkey suggests that we could be eligible for the **eTwinning prizes**. Together we decided that maybe it is too late because we have not correctly updated the content of our project in our TwinSpace. However, we will try to do it better from now on.
- Spain assumes the cost of the project website. The coordinator in Turkey will facilitate the procedures for us.
- Guarantee the dissemination of the project through the press. (Attached Clipping)

NEXT MEETINGS

- From 6th to 10th December 2021 → Bulgaria
- End of February 2022 → North Macedonia
- End of April 2022 → Estonia
