
Day 1: 8th February, 2015

All of us were very excited for the travel. We left Marmolejo by bus at 3:30 a.m. because we had to take a plane in Madrid. There we had to wait in the airport two hours more or less. At 10:45 a.m. the plane took off and we were within four hours until we arrive to Athens.

Once we were in the airport we had to wait for the others partners of the ERASMUS+ project. They come from France, Turkey, Italy, England and Romania. The first one were people of Turkey. While the others were arriving, José Luis was doing magic.

When all the students had arrived we took a bus to Tripoli, the village where live our host families. We arrived late, it was 10:00 p.m. but our host families were advertised. They made us a big and special welcome. All of us were so exciting! Each one took its luggage and went with its host and friendly family. We could enjoy a typical greek dinner with them.

Day 2: 9th February, 2015

When we were took the breakfast with our host families all we met at the teacher's hotel to do many different visit in Tripoli. First we went to the new high school wich is going to open in a few month. Then we were doing a public introduction that we were planned about our country, city and high school. This was a good way to show the others our own costumes.

After that we were at the current high school they are studying now. We could enjoy an official welcome and we could eat typical sweets and biscuits from Greece.

Once we had seen the schools we visited the City Hall and the Mayor gave us another welcome. Then he invited us to eat in a typical and Greek restaurant. While we had lunch it was snowing. We were very excited to see that because it never happens in Marmolejo.

After lunch we were in a Music School because we had to prepared a ERASMUS song. Some people sang, while another ones played some instruments. Then each student was with its host family to have

dinner.

That night it was planned a big party but we couldn't do it because of the snow.
