Go outside  
 Watch movies, videos  
 Read some books  
 Mostly stay home

### Vaccine

Some would take it and some not

Some would take it and some not

### Similarities

Much time at home  
 Wear masks  
 Social distancing  
 Travel restrictions

### Differences

School is open in Croatia, not in Germany

### Conclusion:

The bottom line is that both Croatia and Germany have their own regulations and the things they do during corona while some of them are similar (watching movies, much time at home, wearing masks and social distancing...) and some of them are different (the regulations about school). All in all you can say that it was an insight into these different life's and that we all learned something new.
