

# 2022 MATHS EVERYWHERE CHESS ONLINE TOURNAMENT

**Date:** Wednesday, January, 26, 2022

**Time:** 11:00 to 12:30 (C.E.T.)

**Participants:** members of Erasmus + Maths Everywhere

**Site:** Virtual tournament through the platform [lichess.org](https://lichess.org)

# Tournament Rules:

Participating students will attend with a device connected to the internet (phone, tablet or laptop).

## Is it for points?

This tournament is for points and It will affect your score.

## How are scores calculated?

A win has a base score of 2 points, a draw 1 point, and a loss is worth no points.

If you win two games consecutively you will start a double point streak, represented by a flame icon.

The following games will continue to be worth double points until you fail to win a game.

That is, a win will be worth 4 points, a draw 2 points, and a loss will still not award any points.

For example, two wins followed by a draw will be worth 6 points:  $2 + 2 + (2 \times 1)$

## How is the winner decided?

The player(s) with the most points at the conclusion of the tournament's set time limit will be announced winner(s).

When two or more players have the same number of points, the tournament performance is the tie break.

## How does the pairing work?

At the beginning of the tournament, players are paired based on their rating.

As soon as you finish a game, return to the tournament lobby: you will then be paired with a player close to your ranking. This ensures minimum wait time, however you may not face all other players in the tournament.

Play fast and return to the lobby to play more games and win more points.

## When it ends?

The tournament has a countdown clock. When it reaches zero, the tournament rankings are frozen, and the winner is announced. Games in progress must be finished, however they don't count for the tournament.

**IMPORTANT:** Finally you must play at least 5 blitz games (5 minute games), and send a screenshot of your lichess username to the email

[ctorresjimenez@iestrassierra.com](mailto:ctorresjimenez@iestrassierra.com) after playing that chess match.

### Other important rules

There is a countdown for your first move. Failing to make a move within this time will forfeit the game to your opponent.

Drawing the game within the first 10 moves will earn neither player any points.

Draw streaks: When a player has consecutive draws in an arena, only the first draw will result in a point, or draws lasting more than 30 moves. The draw streak can only be broken by a win, not a loss or a draw.

## ¿IS IT YOUR FIRST TIME PLAYING CHESS?

Don't be afraid, Whether you play chess or not, this is a tournament made for everyone.

Here I drop you some basic rules: [CLICK HERE](#)

On that link, you will learn about movements of the different pieces, the fundamentals of basic, intermediate, and advanced lichess.

If you want to go ahead, here's a study in lichess with the fastest dunks: [HERE](#)

## BEFORE TUESDAY, 25 JANUARY 2022

Before next Tuesday (25th January) you must do the following steps:

1. You must register on Lichess.org. [CLICK HERE TO REGISTER](#)
2. It's necessary to register with your email corporate account.
3. Once You've been registered, you have to request access to IES TRASSIERRA team (you can ask for help to Carlos [ctorresjimenez@iestrassierra.com](mailto:ctorresjimenez@iestrassierra.com)).

You can access the device from the browser by following these steps:

1. From the Community menu, select All Teams.
2. Select the center team, IES Trassierra or go to [THIS LINK](#).
3. Press the join team button.
4. Do it again with your team by clicking on your link (the one for your country):
