

eTwinning Live Event Zero-One@Kahoot!

Partners from the eTwinning project Zero-One will play together the Kahoot! online quiz.

25 May 2017 11:00 CET

During this online meeting between partners of the eTwinning project Zero-One pupils will play Kahoot! quiz they have created together. Questions are coming from the materials published on our TwinSpace. We will meet online to have fun and to check the knowledge of our pupils about the topic of our project.

How to join and play the Kahoot! quiz?

Teacher:

Join our online event called **Zero-One@Kahoot!** on the eTwinning Live.

Students:

1. Students must be online and have their smartphones, tablets or computers.
2. Students must go to <https://kahoot.it>, enter the GAME PIN they will see on the screen which will be shared during the online event and click on "Enter".
3. Students need to write their names (Nickname) and click on "OK, go!".
4. Students must read the questions that they see on the shared screen, choose the correct answer and remember the shape and colour of the answer.
5. Students need to click on the shape they have chosen on their phones, tablets or computers.
