상하목장
Sangha Farm

There's a magical playroom at school which Leo likes to sneak into from time to time. No one knows that he can make the toys come alive and make beautiful sounds. Leo's always careful when he plays with his magical toys, because he knows that the loud sounds they make could damage his hearing.

Help Leo to color in his toys with your favorite colors and use the Quiver app to make them come alive! Share your creation on social media using #coloringleo

<p>STEP 1 Color the page</p> 	<p>STEP 2 Download Quiver app</p> 	<p>STEP 3 Scan and watch</p> 
--	--	---

Leo likes to play soccer with his friends. He loves to score goals and slide across the grass when it rains. He used to have trouble hearing his team mates because he had to take out his hearing aids whenever it rained. Now Leo has his new pair of water-resistant hearing aids and can play as often as he likes.

Help Leo to score a goal by coloring him in your favorite colors and use the Quiver app to get him to play. Share your creation on social media using #coloringleo
