PERTINI SANTONI'S DEVELOPMENT PLAN

PERTINI SANTONI'S DEVELOPMENT PLAN

According to the Institution's three-year Educational Plan, Self-evaluation Report and Improvement plan, the School's objectives in order to maximizing impact on learning and match the outcomes of Professor Hattie's Survey are :

❖Enhancing students' school success;

❖Preventing early school leaving;

PERTINI SANTONI'S DEVELOPMENT PLAN

❖improving the students' performance in INVALSI(National Evaluation Service) TESTS (Italian and Maths)with respect to schools in a similar socio-economic and cultural context (the South and the Isles has always had the worst score);

❖Teaching competences through the use of Competency Assessment Tests;

PERTINI SANTONI'S DEVELOPMENT PLAN

❖Developing key competences in European citizenship;

❖promoting the implementation of inclusive education ;

❖Enhancing foreign language skills acquisition;

❖Improve digital skills of both teachers and students, according to the three-year National

PERTINI SANTONI'S DEVELOPMENT PLAN

Plan for Digital Education, aimed to improve digital skills of both teachers and students through a complex set of actions ranging from upgrading Internet connections in schools to setting up learning environments in which creativity and laboratory are possible.

❖professional growth for all the school staff , given that both the competences and the experiences acquired by the participant in

PERTINI SANTONI'S DEVELOPMENT PLAN

❖European projects will be used in the strategic development of the school, fostering enhanced European cooperation;

❖improvement of the teachers' skills in international project planning and management;

❖higher student performance through better-quality teaching, along with a learning process which will reflect a European dimension of education .
