

MEETING IN FINLAND BY ELENA CHRISTOU (CYPRUS)

This trip in Finland is my favourite experience because I met many people from different countries. Also, I'm very excited because my dream became true.

My favourite times in Finland are when I played the traditional games like M \ddot{o} lkky. It's a very different game and I want to play again. Also, we went to the Turku and we went to the church and the museum. After, we went to the Christmas Market and shopping centre. So, I bought gifts for my family and for me. One of my favourite times was when I woke up in the morning and outside has snow. At the moment I was very happy. Furthermore, when we met and watched a movie and cooked cookies and other traditional Christmas sweets. We watched a horror movie. Last but not least, we went to Naantali church and we listened to Christmas carols.
