

Meeting in Finland by Henla Vinkkanen

Hey,

I spent the most amazing week of my life here in Naantali. I met so many incredible people here. The people here surprised me here because I never thought that we'll have such a fun time. At first I just thought that the foreigners are just gonna stay here and we're not gonna do anything with them, but I was totally so wrong. We had so fun time and I'll never forget it. We were out kinda late and we were just talking and getting known each other better. We listened to different kind of music like different languages so everyone could understand something. We were sitting in a bus and Carola showed me Sad but true, the italian people have to leave today. It's kinda sad but I hope I'll be okay with that. I think I'm not gonna see these guys ever again and it's distressing. Everyone made me here laugh.

Now I don't want to go to school anymore 'cause these people are so amazing! It's so depressing that these lovely people have to go back to their countries and our days are over. I hope we'll keep in touch with all of them. Nobody can even describe my wonderful and sad feeling now.
