2nd Transnational Meeting of the Project
Locorotondo (Italy), 3-7 May 2017

The content and organisation of the Transnational Meeting:

1. The issues discussed have met my expectations:

- yes, because: we have ~~now~~ agreed to continue working jointly on the project.
- No, because:

2. The topics of the meeting discussed and involved useful issues:

- yes, because: they are all common issues which we have all raised according to our needs and priorities in order to be able to carry out the project successfully
- No, because:

3. The meeting brought:

- the expected results
- to sort some issues
- to a few solutions
- to no consistent agreement

4. The atmosphere during the meeting was

- encouraging
- welcoming
- leading to solutions
- not appropriate
- difficult
- unpleasant

5. What have you personally found most useful from this meeting?

What I have found most useful are the agreements that we have all come to.

6. Can you comment on the sessions. Which one was the most interesting and useful?

The exhibition of the works because I can learn from them and then use the knowledge that I have acquired

7. What new ideas will you take back to your school?

I have learnt about the following activities: the making of robots, 3D and explanations. As well as learning about how a Transnational Meeting is carried out.

8. What was missing, if anything? Please, add your comments.

Nothing was missing, I would like to highlight that I thought that the organisation was perfect and I would like to thank all the educational community and local authorities. I would like to add that they have given us a lesson on solidarity and harmony.
