### Preparatory activities:

The pupils were introduced the idea of games mascots in the Olympics and World Championships.

### Activity:

The pupils designed a mascot by drawing it on paper and deciding what size and material it could be.

The Erasmus project coordinating teacher chose 3 drawings from which the pupils could then vote for the one for the final voting among the Project partner schools.

### Subsequent activities:

The pupils learned about pre-election and election and voting.

### Results:

The Finnish suggestion did not win the final voting. The Polish suggestion was the best.
