Thé COVID situation has suspended the travel to Île de la Réunion

I wish more such projects are realised

It'd be great if she had the opportunity to travel and visit her new friends but due to the virus it's unfortunately impossible

I'm very happy that my child got to participate in such a great program

An experience that every person should have and all parents should encourage their children to try it

I would be happy if this programme fulfils because it's a great opportunity for my child and for every child

The programme is helping students to be sociable, independent and gain knowlege and experience. Unfortunately due to Covid19 they didn't have the chance to visit beautiful and exotic Reunion!
