1) Exchanges with Partners in their country 2)Build a game around the problematic of the project. 3) Organise an Erasmus day

Video making and school activities

activities around clean energies, cooperation of Erasmus day

We went ahead and did some research based on the monuments in our city and we translated the information for our fellow friends from the project
We also made a heartwarming, in my opinion, video about the pandemic and why the project was postponed

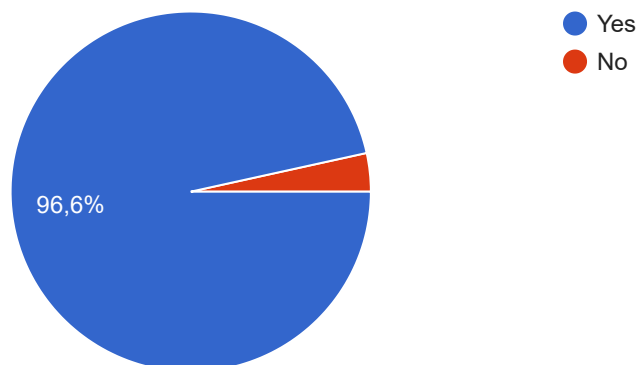

Preparation of ERASMUS day / Activities around clean energies

logo making and activities about transport

Logo and video for the project

I think it's a good idea this project because we can improve our english we can discover others countries, discover other lifestyle and make new friends too

it's a good projet and i'm motive

We're still waiting for the trip, but I don't think it's happening any time soon...

I think it is a very good project because that way we can improve our language skills (here english), we can meet foreigner and learn about their cultures and of course this project make us aware about renewable energy and the impact of greenhouse gases on our planet...

:)
