Morning

We came at the highschool for the first time, visit it, play with the students, and then do a workshop about cities of the futur. We were divided in 5 groups and everyone made a poster about how we would see our perfect city in the futur. It was really great and it allow us to meet greek people and to know them a little bit better. We also learn a lot about how could be a great city for everyone.

Afternoon

After the visit, we went to the restaurant to eat with everyone and then we went to the market to get some food for the long trip of Day 3. Then, we had a free time and did a little map before the return to the hotel.

Morning

On Wednesday morning, the Erasmus team got up early to set off in the direction of Meteora. The students spent four hours on the bus, in a good mood. Then they arrived at Meteora, a high-altitude monastery that interested our young explorers.

Afternoon

In the early afternoon, the young people took the bus for forty minutes to get to the restaurant. They ate some Greek specialities before heading back to Thessaloniki. The four-hour return journey was marked by Alucia's sweet melodious voice and the chorography of her friends.

Morning

We left the Hostel at 8am to the museum of royal tombs of Aigai in Vergina. At 12 we went to Veria under the guidance of students. We visited the most important sites of Christian, muslim and Jewish. That's was quite interesting. We learnt more about the diversity of religion in Greece.

Afternoon

After this morning we lunch at a local restaurant. We ate a lot of Greek Food. Our belly almost exploded. We talked to many Greeks during the travel. That's was pretty fun. When we arrived to the Hostel, we eagerly awaited to do a party cause the teachers booked a room for that.
