MY HOUSE

I live in a flat, my flat has 3 floors. My grand parents live on the first floor, my parents, my brothers and me live on the second floor. My flat is big, there are 3 rooms, my room is bigger than my old brother, but me and my twin we sleep in the same room. There are 2 bedrooms, 2 toilets and a very beautiful big kitchen, the kitchen and the dining-room are connected, and the living room there are 2 sofas and 1 big TV. On the third floor there is the washing room a 1 toilet, 1 TV, play station and Wii. What I like about my house is my bedroom because I relax.
