

Each year the people of Rupit actively celebrate twice a year, the most spectacular event being the "Live Nativity" (Pessebre Vivent) in the village. Every member of the village gets involved in this special event. There are various scenes from the nativity and local medieval culture on display to the public over the Christmas period. Men, women & children from the area dress up and stand in various set places within the village whilst the visiting public walk around taking photos and enjoying the ambience. Some scenes represent the birth of Jesus Christ, the farm, The Three Wise Men, the shepherds, the woodcutters, fisherman, angels, and others...
