*In my family there are a mom, a dad and a brother. We don't have any animals because I'm allergic. And we love to travel. We go abroad about 2-3 times a year. I always buy a little snow globe from where ever I go. But I don't always find them so I don't have a snow globe from everywhere.*

I love to swim. And I go swimming 3 times a week.

From my personality I am happy and encouraging. And I have long light brown hair.

*I like to listen to all kinds of music types. And the main place I listen to music is our car. There we always listen to the radio...*

*I live in a red detached house. We also have four large warehouses and an old house where nobody lives.*

The snow globes I collect to. I have 24 of them!
