

*My name is Lotta, I'm 14 years old girl and I live in Tyrnävä, Finland. Tyrnävä is in Northern Finland, near by the bigger city Oulu. I'm social and I talk a lot. I'm reliable and I like helping people. I'm very competitive, and I always want to win. I also I love getting know to new people.*

*I play, coach and referee Finnish baseball, play badminton, go jogging, read a lot of books and write. I've played Fin. baseball five or six years, and now I coach the team where the players are seven years old children, boys and girls. I'm interested of politics and history, specially German and Russian's history. I love travelling and learning languages. I can speak Finnish (naturally), English, Swedish and I'm studying German, Russian, Spanish and a bit of French. I also love Italian and Czech.*

*I listen almost any kind of music, but my favourite artists are Robbie Williams, Bruno Mars, Modà and Philipp Poisel. I listen a lot of foreign music, like german, italian, swedish etc.*

*I have mother, father and little sister. My mother works in a bank and dad is sales manager of Northern Finland. My dad is also a farmer. My sister is one year younger than me. She's also studying Swedish and Russian, so we practice them together. We don't have any pets, because me and my mum are allergic. We live in a detached house, in the middle of the fields. My dad's parents are our neighbours. Our home has two floors, but we live only at one floor, the upper floor isn't ready, there isn't lighting or heating or anything. We've thirteen rooms altogether, two bathrooms, sauna, three bedrooms, hall, working room, kitchen, living room, utility room, inside terrace and entry. Our home is quite new, we built it eight years ago.*

*I have three best friends, Ella, Ellinoora and Amelie. I spend a lot of time with my friends. We usually are outside, doing really nothing, just talking and laughing.*
