GROUP 4
ERASMUS RIZE

LECTURE FROM A FIREFIGHTER ABOUT NATURAL DISASTERS

- Move as quickly as possible away from the event area of the landslide.
- If you stay at home, move to higher floors.
- If you cannot leave, sit on the floor in a fetal position and protect your head.
- Be prepared to move quickly. Give priority to your own safety.
- Stay alert while driving as rocks may collapse.

Cyprus Fire Service

The Fire Service is a Security Service and reports to the Ministry of Justice and Public Order, and its competence extends throughout the territory of the Republic.

Forest Fires

If you notice fire

- Call **IMMEDIATELY** the Fire Service call center (112) and give clear information about:
 - the location and the exact point where you are,
 - the location, the exact point and the direction of fire,
 - the kind of vegetation that is burning.

**OUR VISIT TO
TROODOS MOUNTAIN**

At the Geopark, we have seen many things, like the Troodos' Mountain, the map of the Mediterranean sea and a video about the born of Cyprus.

VISIT AT CAVO GRECO

CAVO GRECO

Our visit at Cavo Greco... We visit a cave that was very close to the sea. Also, we went to the museum Thalassa, and we saw very interesting things. The name of the big boat was Kerinia 2 .
