## Old city of Nicosia

- **Guided tour of old city of Nicosia offer by Nicosia Municipality**

# Saint Elias Church

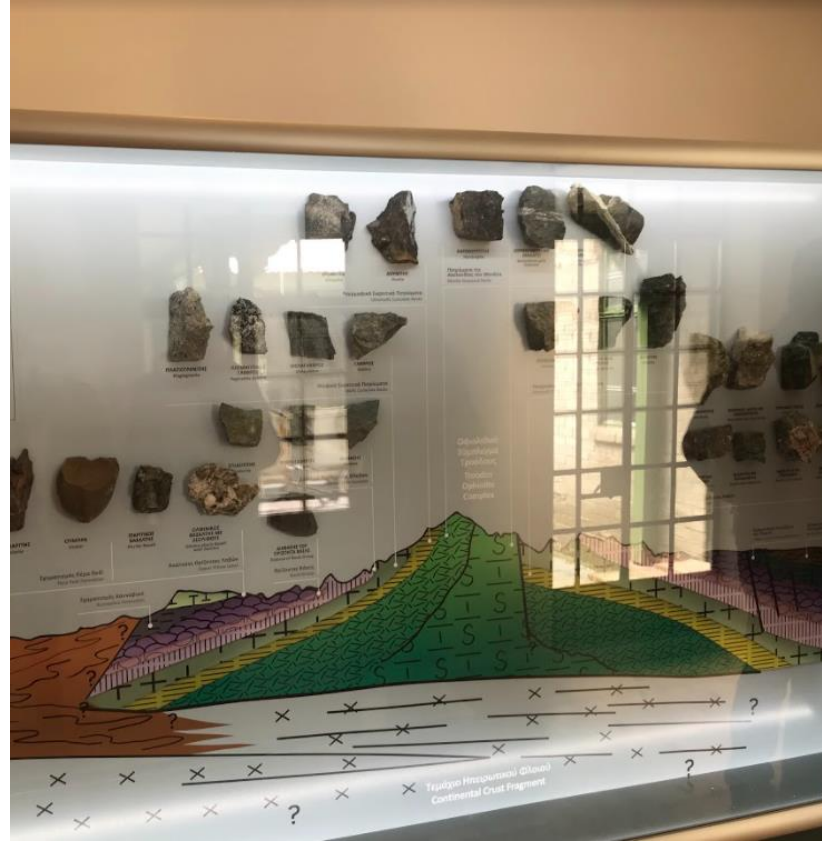

- On the 22th of March we had a great time and we all enjoyed ourselves. After our departure from the school, we went to a small church in Evrychou called Saint Elias. There we had breakfast and a lot of time to meet the other students. We took some pictures, and we continued our course.

# Troodos Mountain

- After the church we went to Troodos where we played with the snow, looked at the magnificent view and had an enjoyable time.

## Geopark of Troodos

- An interesting part of our trip was our visit to the geopark. There we learned a lot about the rocks, the mines and where Cyprus emerge from. We got some information about the animals and the plants of Cyprus too.

# Cavo Greco

Museum of the sea

# The hospitality

---

- My favourite part was when we hosted the Portuguese students. They all were polite and cultured. We ate lunch and after we played some videogames. But we spent the most of our time to the ARC. ARC is a trampoline park where you can do a lot of activities like pool table, basketball and dodgeball. After we had dinner and desserts.

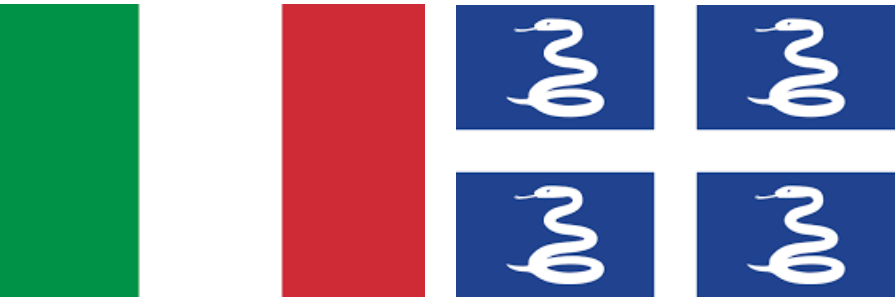

# My experience

---

- Erasmus was an excellent experience where I met new people and cultures . We played a lot of games, learn a lot of information but the most important its that we have a lot of memories that will always be unforgettable.
