3	Because it was very understandable and educational.
4	We had a great time during the training so it was easier to cooperate with the others
5	The games we played were different but were based on the same principles.
6	The project that we are going to do in our country is basically a part of the workshop that we attended at france
7	Because I will show the other students how we learn in this Project.
8	Because I didn't know every task that mentors gived to us but I tried my best to do and to understand the task as best I can
9	excellent-because everybody and everything was excellent
10	excellent, not because of workshops, it was excellent because people
11	excellent because it was really good prepared and planned not only workshops but matching families, other people we met and many more
12	Because the workshop and the project in our school were similar.
13	We didn't have much time to do as many activities as we wished in our school.
14	yes, besides the fact that we didn't have much time to do a lot of them
15	My host-family couldn't speak english that well, so that is why I had a few problems.
16	Because we all work on the same projekt, of course there is a connection, but because i dont always have time on Tuesday i cant say much to it
17	because we have to present the things we learned.
18	I have chosen excellent because i understood all instructions from the trainers very well.
20	I have chosen excellent, because there is a good connection between the workshop and the project work in my home school
21	Because it helps us to understand refugees' problems in everyday life
22	Because it really helped me to understand
23	it helped me to understand the importance of social bonds and the difficulties that can come out of it when we meet immigrants and refugees
24	it help me to learn more about the language and the social interact
25	I indicate good because it's was an very good human experience all the people who took part of the "adventure" were very kind and we learnt lots of things
26	i had a very good moment working with the students from other schools , and with the friendly Interkultur trainers

3	Through a simple explanation of what we did in France.
4	We intend to play the games that we played during the the training and then present the models we learned.
5	by remaking the games and explaining the models
6	We will teach them the things we learnt by a simulation game followed by an explanation of the communication module that we'll present
7	We work on a program during the last week. With this program we can explain what we learn and how we can do it.
8	With a workshop and all knowledge and ideas that mentors Teresa and Frido gave to us and taught us
9	I intend to bring my learning's back to my home school trough the workshops that I've seen in France
10	I intend to bring my learning's back to my home school trough workshops that I've seen in France.
11	or copy these workshops from what we did already or get an idea from those workshops but important thing is that whatever workshop we use it must be affective on other students
12	With a biomatic activity.
13	By biomatic activities.
14	by biomatic activities
15	I've planned to make a little presentation (together with my friend) and to play a game with my classmates.
16	We did notes abd we will do the roleplay about conflict solving with our class
17	with a workshop where everybody can work with it.
18	With the workshop in our class where we show some the models, processes and play some of the games we have played during the training
20	We want to present some games and models from the workshop
21	with games and lessons
22	activites, little groups
23	i told to my parents about my experiences and my learnings
24	when I backed to home i spoke to my family about to activities that i did
25	in group we will try to explain exercices and give to the other informations that were give to us during the week we will be clear and will take the time to explain, we will have to be comprehensive like the "teachers" were.
26	to my friends, classroom mates and to the selected range of students in 3 different workshops
