

WHAT DO YOU KNOW ABOUT SPORTS HISTORY?

The documented history of sports goes back at least 3,000 years. In the beginning, sports often involved the preparation for war or training as a hunter, which explains why so many early games involved the throwing of spears, stakes, and rocks, and fighting one-on-one with opponents.

With the first Olympic Games in 776 BC—which included events such as foot and chariot races, wrestling, jumping, and discus and javelin throwing—the Ancient Greeks introduced formal sports to the world.
