

Activity Title: Threading Art, Charmaine Attard from Malta

Theme: Threading Art

Month: Februaury

Aim: To Window Art for sound, colour and creativity while enhancing fine motor skills and hand and eye co-ordination.

Resources/Materials needed: reels, thread/string, and stick

Activity:

Step 1: Introduction: Give children loose part materials to play with. Ask to sort out the reels in one section and put them in a container easy for you to find.

Step 2: Give a student a thread/string each and tight end one reel.

Step 3: Let students thread with the reels in place.

Step 4: close the end of the threaded string and tie it on a vertical stick. Place each thread one next to the other making a curtain effect.

Step 5: Hang the threaded reel curtain by a door or window for chimes, colour and sight.

Extra: You can give students a sequence to thread eg: red, blue, green reels etc. or you can keep it freeplay and allow creativity to unfold.
