May 2019

I was informed about the whole school project for Erasmus -Alice in Wonderland (App, newsletter etc)

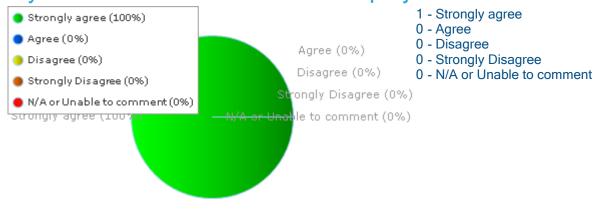

I read about it on the App, on the Thursday memos, on the website and it was briefed to me at the BoG meeting. My daughter also told me about it (very excitedly) when she came home

My child knows about the project

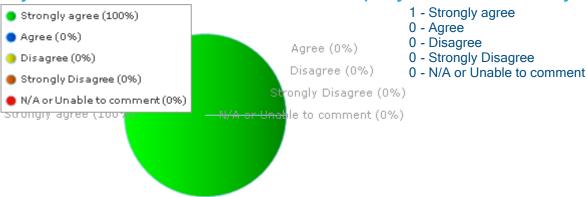

My child is enthusiastic about this project

My child has been involved in this project in some way

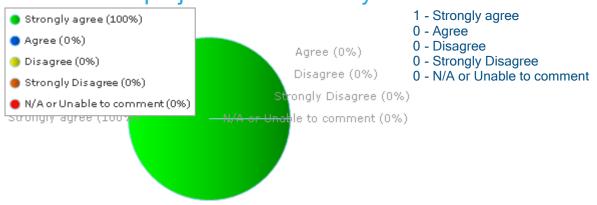

I have been invited to participate in project activities in some

Some of us helped ferry the guests from their hotel to the events. We were also invited to lunch

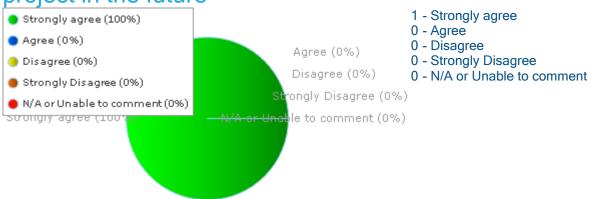

I believe this project will benefit my child

They have come home buzzing about languages, food, culture and fashion (what the Spanish ladies were wearing!)

May 2019

I would like the school to participate again in an Erasmus + project in the future
