

Winning Recycle bin

About Us

Winning Recycle bin , As a company, we aim for a cleaner world. We have the opportunity to sell to the whole European region. The products we produce can be produced in a limited number. Our company works with experts in this field. Our company sells this product only to Municipalities that want to use it. Our company is located in Turkey. Furthermore, we have an excellent customer service, which is available on call and always rushes to help each of our customers.

About Product

When a plastic bottle is thrown into this product that we will produce, it adds 0.08 ₺ or 0.08 € per each pet bottle to your transportation card that you read on the device. The municipality that wants can increase this price. 10% of the collected pet bottles will be bought by our company and converted for our own company. The order limit for abroad and internal is at least 3 products.

This product price including shipping for 1500 € . There is a 3-year warranty.
