

Yee Manswear Sustainability Concept

Green Economy

- We re-use our water we use to color our clothes and use non-chemical coloring in our clothes so the water does not get in touch with chemicals
 - Our Water gets cleaned everytime a piece is thorough coloring
- We ship out our packages in not enviromental harmful cardboard and no plastic is being used.
- Our company tries to use less energy than needed so we use eco energy to power our systems

Sustainable Leadership

- Our company workers are getting treated well and we respect their needs.
 - Our workers
