

This picture was taken by Francisco and It took place in front of the entrance of the Stadio do Dragao museum. At that moment we did a guided tour of the Stadium, and they showed us the pitch and the museum that It was magnificent. In the photo we see the two guys from Cyprus and also all the Spanish team. Every time that I see this photo, the beautiful moments come to my mind.

It was a nice stance In Porto, and we enjoyed every activity with all the people of the countries, with whom we had a very good relationship. Of course I would do this trip again!!!
