

MY PERSONAL DIARY - BY POL FRÍA

On 7th November I made my first Erasmus to Porto, we did a lot of activities, visited a lot of places and museums and met a lot of nice people. I think that it was a fantastic and memorable experience. We met a boy, his name is Francesco and we became very close friends because he's a fantastic person and also his life is very interesting. But the thing that I liked the most was visiting the Estadio do Dragao (Porto Stadium), because I really love football and visiting new stadiums.

In conclusion, I recommended this experience to all adolescents because I enjoyed as a child this great Erasmus to Porto.
