

14/11/19 BARCELONA

have chosen this picture because it was one of the most fun days, where you can see my smile and other smiles around me.

This day our we visited Barcelona (Sagrada Família, el Port, Plaça Catalunya...). That day is special because we knew a lot each other and shared many things in common, where we and, especially, the students of Lithuania, Portugal, Cyprus and Italy discovered a lot of history and culture from Catalonia, for example in Sagrada Família; we enjoyed the fantastic modernist architecture by Antoni Gaudí, etc... all concentrated in Barcelona, the beautiful and amazing capital of Catalonia. Personally, the excursion to Barcelona was the best for me!!
