

My Erasmus experience in Cyprus

"Like a dream come true" - is the real sentence that describes that week. Cyprus exceeded all my expectations, all the people that we knew there, all the places we had visited, all were perfect. Since tenth grade I was waiting for this trip. I really made real connections with all people involved, from the Cypriots to the Catalans... It seemed like knew each other for more than five years, it's crazy. I am sure that it was one of the best experiences of my life. I learned a lot. THANK YOU ERASMUS!!!!!!
