

I started this week missing my home and my country, but now I have finished and said “Can I just stay here?”. This was the best experience I’ve ever had, the best week of my life, for sure. I will remember this time, people and place forever and in fact I want to go back in time and live everything again.

Thank you so much for this opportunity. I feel a great pleasure and honour to have been to Italy on this amazing project that talks about very important issues like environment, sustainability and tourism. Erasmus is the best opportunity to meet new people, make new friends and discover new cultures. My most sincere thanks to my teachers and friends. Just when we thought it would be almost impossible to travel due to issues like pandemic and war, it happened and it couldn't have been better!
