

UNLOCK SICILY

VISION

Our challenge is to spread eco-sustainable practices and to sensitize tourists as much as possible to sustainable and responsible tourism, in order to reduce the environmental impact, safeguard heritage and customs.

VALUES

- Sustainability
- Environmental protection
- Promoting local culture
- Innovation

ABOUT US

Unlock Sicily JA is a start-up created by students who participate in the EUROSTAR Erasmus+ project.

Unlock Sicily JA wants to promote sustainable tourist destinations, culturally relevant sites and little-known tourist resorts

MISSION

Our idea was to create a website to collect and promote sustainable itineraries, mainly offering "off the beaten track" destinations and fun games and quizzes, escape rooms and treasure hunts.
