

## **My experience in Lithuania**

Being in Lithuania brought me a huge opportunity to get to know a different culture. I was able to try and see a great diversity of gastronomy, habits, costumes, etc, and I could realize how different Lithuanians are from us: they are more responsible, stricter, quieter and shyer.

I was delighted with the chance to be away for a whole week, with friends, improving my English skills and my general culture. So I had the best of both worlds: knowledge and having a good time.

However, the best part, at least for me, was making new friends and spending a whole week having fun and experimenting a great amount of new activities.

Summing up, I believe it was one of the best experiences I had in my entire life, that opened my mind a lot more and I am looking forward to repeating it. I'm so grateful to Erasmus for all this.

In the near future I imagine myself telling endless stories to my family and friends about my Erasmus experience, even though they will be sick of hearing it. I don't think I'll ever get enough!
