

I have chosen this photo because I think it summarizes all the week. All the love of Catarina, that's the same of all the Erasmus students have given to us and we have given to them as well. The biggest bright smile of Maria, that reflects all the smiles of this incredible week. Finally, my face of emotion, because we were very excited about the Erasmus week, to meet the Portuguese, Italian, Lithuanian and Cypriot teams. The most important thing is that this week has definitely changed my life! Love you all.
