

Peace 4 all

Peace is freedom and that is my preference,
nationality and religion mean nothing to me.
I wish there could be peace throughout the whole world.
Hope and freedom need no money,
Peace has neither limits nor rage,
It doesn't come by itself therefore we all need courage.
Peace is like a garden; it needs to be nurtured,
If we are able to nurture peace, **but when we achieve it, it is a blessing indeed.**
There is no fear in peace,
That's why we don't need a chance,
Hope and love in the world,
And peace underneath the heavens.
Peace is life and I would give anything to achieve it.
No guns and money will cure our sick world.
If we want peace, then we need to do more
There is no time to rest, so lighten up your mood.
Let's all stand together, every single man,
so that peace can win in the end.

Let us love and live how we like,
With friends and family in a peaceful world.
If there is conflict, then we will tackle it together,
Because together is how we get things done.
We will fly over all borders and we will win together so everyone
can see that we cannot be stopped.
Step by step into a new future, will you be there?
Hand in hand- come on! let's all unite and soon we will all be free.

Mülheim is peace and freedom for me,
Here is where I'm safe, here is where I'm me.
There is no need to hide, I can go where I like,
because there are people here who understand me.
Everybody has human rights,
Please stop the war please stop the fight. So come on people, you
must unite. At the end you will see the light.
No fear of tomorrow.
A day without worries.
No bombing storm.
And no shrapnel.
Children seeing their parents behind bars,
Oh what a sad thing!
Where is the peaceful knight?
We're destroying our only world and no one objects
There is no one here, who sees,

That the hatred prevails only through us

Let us love and live how we like,
With friends and family in a peaceful world.
If there is conflict, then we will tackle it together,
Because together is how we get things done.
We will fly over all borders and we will win together so everyone
can see that we cannot be stopped.
Step by step into a new future, will you be there?
Hand in hand- come on! Let's all unite and soon we will all be free.
